FREE MICROCHIPS!

Washoe County Regional Animal Services is offering FREE MICROCHIPS to all Washoe County pet owners for a limited time. Because any pet can become lost, microchips are a pet's best chance of getting back home.

The wonderful story of Splash and Carlie illustrates why Animal Services staff feel it's important to make microchips available at no cost. We encourage all pet owners to take advantage of this opportunity.

Even if you think your pet will never leave home, statistically one in three pets will become lost at some point during their life.

MICROCHIP TODAY!

Eight-year-old Carlie Sheridan of Cold Springs never expected to see her cat Splash again. The orange tabby wandered off in July of 2011, leaving Carlie and her family heartbroken.

Just over one year later, the Sheridan's received a phone call from Regional Animal Services. Splash had been found, alone and miles away from home.

Splash is home now because Splash has a microchip.
